Help us offer "hope" this holiday season

As the holiday season approaches, Pencils for Kids asks you to give the gift of education to a child in Niger, the poorest country in the world.

It has been an incredible fifth year for Pencils for Kids, building our third school in Liboré, starting our second Farmers of the Future program, expanding our sewing centre, sponsoring many more scholarships for girls and remaining a volunteer grass roots organization with no paid staff and only 3% administration costs. Check out our newly designed website www.pencilsforkids.com which is filled with descriptions of all of our projects, inspirational stories, videos, photos and more!

But we cannot do it without you.

This year, as a holiday present to yourself and to those you love, leave a lasting legacy — the education of a child.

For the price of a dinner in Toronto, you can fill a library with books or supply school materials to a classroom! Your generosity will have a genuine impact.
